2 lots	Clauses 56.03-5, 56.04-2, 56.04-3, 56.04-5, 56.06-8 to 56.09-2.

**2.5**11/06/2009  
C128**Specific provisions – Buildings and works****Construction and extension of one dwelling on a lot**

A permit is required to construct or extend one dwelling on a lot of less than 300 square metres.

A development must meet the requirements of Clause 54.

A permit is required to construct a fence within 3 metres of a street if the fence exceeds the maximum front fence height specified in Table A2 of Clause 54.06-2.

**Decision guidelines**

Before deciding on an application the responsible authority must consider the objectives, standards and decision guidelines of Clause 54.

**Construction and extension of two or more dwellings on a lot, dwellings on common property or residential buildings**

A permit is required to:

- Construct a dwelling if there is at least one dwelling on the lot.
- Construct two or more dwellings on a lot.
- Extend a dwelling if there are two or more dwellings on the lot.
- Construct or extend a residential building.

A development must meet the requirements of Clause 55. This does not apply to a development of four or more storeys, excluding a basement.

A permit is not required to construct one dependant persons unit on a lot.

A permit is required to construct a fence within 3 metres of a street if the fence exceeds the maximum front fence height specified in Table A2 of Clause 55.06-2.

**Buildings and works for non-residential uses**

A permit is required to construct a building or construct or carry out works for a non-residential use.

This does not apply to the following in a core business or peripheral commercial area (as shown in Plan 1 to this schedule):

- The installation of an automatic teller machine.
- An alteration to an existing building façade provided:
  - The alteration does not include the installation of an external roller shutter.
  - At least 80 per cent of the building facade at ground floor level is maintained as an entry or window with clear glazing.
- An awning that projects over a road if it is authorised by the relevant public land manager.

**3.0**11/06/2009  
C128**Urban Design Framework - Core Business and Peripheral Commercial Areas**

An application must be accompanied by the following information. If in the opinion of the responsible authority an application requirement of this clause is not relevant to the assessment of the application, it may waive or reduce the requirement.

**Urban Design Framework**

A permit must not be granted to use or subdivide land, or to construct a building or construct and carry out works within a core business or peripheral commercial area as shown in the Cardinia Road Precinct Structure Plan (September 2008) until an urban design framework for the activity centre has been prepared to the satisfaction of the responsible authority.

The urban design framework may be amended to the satisfaction of the responsible authority.

The responsible authority may grant a permit to subdivide land prior to the preparation of an urban design framework if it is satisfied that the subdivision will not affect the urban design outcomes for the activity centre as set out in the Cardinia Road Precinct Structure Plan (September 2008).

The urban design framework must:

- Be generally in accordance with the Cardinia Road Precinct Structure Plan (September 2008).
- Address the Activity Centre Design Guidelines (DSE 2005) and Safer Design Guidelines for Victoria (DSE 2005).
- Set out the role and function of the activity centre including the proposed use and development of each part of the activity centre.
- Show the relationship to existing and proposed development surrounding the activity centre.
- Set out building design guidelines including the interface with streets and other public spaces, heights, materials, and articulation to create a strong urban character.
- Set out the design of streets including street design and widths, pedestrian access and areas, car parking, paving materials and street furniture.
- Set out arrangements for access to the activity centre from adjoining arterial roads.
- Set out the location of public spaces within the activity centre including a town park / square.
- Include an overall landscape concept for the activity centre.
- Set out guidelines to improvement environmental sustainability including integrated water management and energy conservation.
- Set out provisions for car parking including the location and design of car parking areas and car parking rates for proposed uses within the activity centre.
- Set out how public transport will be integrated with the activity centre.
- Set out design guidelines for the provision of advertising signs.
- Set out arrangements for the provision of service areas for deliveries and waste disposal including access for larger vehicles and measures to minimise the impact on the amenity of the activity centre and adjoining neighbourhoods.

- Show how opportunities for housing and future commercial expansion can be incorporated into the activity centre.

### **Use of Land - non-residential uses**

An application to use land for a non-residential use must be accompanied by the following information, as appropriate:

- The purpose of the use and the types of activities which will be carried out.
- The type and quantity of materials and goods to be stored, processed or produced.
- How land which is not required for immediate use is to be maintained.
- The likely effects, if any, on the neighbourhood, including noise levels, traffic, air-borne emissions, emissions to land or water, light spill, glare, solar access and hours of operation (including the hours of delivery and dispatch of materials and goods).

### **Subdivision**

In addition to the requirements of Clause 56, an application for subdivision must be accompanied by the following information for all of the land in the contiguous ownership of the landowner forming part of the development:

- The proposed use and development of each part of the land.
- A table setting out the amount of land allocated for the proposed uses.
- The staging of the development.
- The relationship of the land to existing or proposed development on adjoining land including road connections, open space, pedestrian and bicycle linkages, and drainage networks.
- Population and dwelling targets.
- The proposed range of lot sizes and housing types.
- The proposed road and street network including intersection treatments, proposed bus routes and the interface treatment with arterial roads.
- Proposed open space areas including the role and purpose of the open space.
- An overall landscape concept for the development and a detailed local open space landscape design plan as specified in the Cardinia Road Precinct Structure Plan (September 2008).
- A topographical assessment plan as specified in the Cardinia Road Precinct Structure Plan (September 2008).
- Lot and building design guidelines for any areas identified as requiring sensitive design.
- An Aboriginal cultural heritage management plan.
- A flora and fauna assessment and vegetation management and biodiversity enhancement plan as specified in the Cardinia Road Precinct Structure Plan (September 2008).
- A hydrogeological assessment of groundwater conditions on the site and the potential impacts on the proposed development including any measures required to mitigate the impacts of groundwater conditions on the development.
- A site assessment of the potential for contaminated land as a result of previous land uses.

- An acoustic assessment of the level of traffic noise from the Princes Freeway (Pakenham Bypass) and any measures required to reduce traffic noise levels to an acceptable level.

### **Buildings and works**

An application to construct a building or construct or carry out works must be accompanied by the following information, as appropriate:

- A plan drawn to scale which shows:
  - The boundaries and dimensions of the site.
  - Adjoining roads.
  - The location, height and purpose of buildings and works on adjoining land.
  - Relevant ground levels.
  - The layout of existing and proposed buildings and works.
  - All driveway, car parking and loading areas.
  - Proposed landscape areas.
  - All external storage and waste treatment areas.
  - Areas not required for immediate use.
- Elevation drawings to scale showing the colours and materials of all buildings and works.
- Construction details of all drainage works, driveways, vehicle parking and loading areas.
- A landscape layout for the site, and where appropriate adjoining roads and public spaces, which includes the description of vegetation to be planted, the surfaces to be constructed, site works specification and method of preparing, draining, watering and maintaining the landscape area.

### **Decision guidelines**

#### **Non-residential land uses**

Before deciding on an application to use land for a non-residential purpose the responsible authority must consider, as appropriate:

- Any approved urban design framework approved under this schedule.
- The effect that existing or designated uses on adjoining or nearby land may have on the proposed use.
- The effect that the proposed use may have on the amenity of the neighbourhood.
- The availability and provision of utility services,
- The effect of traffic to be generated by the use.
- The interim use of those parts of the land not required for the proposed use.

#### **Subdivision or one or more dwellings on a lot**

Before deciding on an application to subdivide or to construct one or more dwellings on a lot, the responsible authority must consider the objectives, standards and decision guidelines of Clause 54, 55 or 56, as relevant.

### Other buildings and works

Before deciding on an application the responsible authority must consider, as appropriate:

- The movement of pedestrians and cyclists, and vehicles, including vehicles involved with deliveries, waste removal, emergency services and public transport.
- The provision of car parking.
- The interface with adjoining areas, especially the relationship with residential areas.
- The streetscape, including the design of verandahs, access from the street front, providing active frontages to pedestrian areas, the treatment of the fronts and backs of buildings and their appurtenances, illumination of buildings or the immediate spaces and the landscaping of land adjoining a road.
- The storage of rubbish and materials for recycling.
- Defining the responsibility for the maintenance of buildings, landscaping and paved areas.
- The availability of and connection to services.
- The design of buildings to provide for solar access.

If in the opinion of the responsible authority a requirement of this clause is not relevant to the assessment of the application, it may waive or reduce the requirement.
