| <b>Utility installation (other than Minor utility installation)</b> |  |

### Section 3 - Prohibited

#### USE

#### Any other uses not in Section 1 or 2

2.0  
19/01/2006  
VC37

#### Use of land

#### Amenity of the neighbourhood

A use must not detrimentally affect the neighbourhood, including through the:

- Transport of materials, goods or commodities to or from the land.
- Appearance of any buildings, works or materials.
- Emission of noise, artificial light, vibration, smell, fumes, smoke, vapour, steam, soot, ash, dust waste water, waste products, grit, oil or the like.

#### Application requirements

An application to use land must be accompanied by the following information:

- The purpose of the use and the type of activities to be carried out.
- How the proposed use supports, or is ancillary to the use of the land for Caravan park and camping ground.
- The likely effects, if any, on adjoining land, including noise levels, traffic, the hours of delivery and dispatch of goods and materials (including garbage collections), hours of operation and potential light spill.

#### Decision Guidelines

Before deciding on an application to use land, the Responsible Authority must consider as appropriate:

- The need for the proposed use, and how it supports the primary use of the land for Caravan park and camping ground.
- The effect of traffic to be generated on roads.
- Any impact upon the amenity of the existing primary use of the land for Caravan park and camping ground, and any impacts upon the amenity of the surrounding area.

- The provision of car parking.
- The provision of landscaping.
- The impact of proposed operating hours on the existing primary use of the land, and the surrounding area.

**3.0**19/01/2006  
VC37**Subdivision****Application requirements**

Any application must state the intended outcome of the proposed subdivision and how it supports or enhances the ongoing primary use of the land for Caravan park and camping ground.

**4.0**19/01/2006  
VC37**Buildings and works****Application requirements**

An application to construct a building **or construct** or carry out works must be accompanied by at least the following information:

- Elevations drawings to scale of 1:100 of all elevations showing colours, and materials of all buildings and works.
- A plan drawn to a scale of at least 1:200 that shows:
  - The boundaries and dimensions of the site, and adjoining roads.
  - The location, height and nature (purpose) of buildings and works on adjoining land.
  - Relevant ground levels or contours.
  - The layout of existing and proposed buildings and works.
  - All driveways, car parking and loading areas.
  - Proposed landscaping as designed by a professional landscape designer.
- Details of any proposed advertising signage.
- Construction details of all drainage, driveways, vehicle parking and loading areas.

**Decision guidelines**

Before deciding on an application to construct a building or construct or carry out works, the Responsible Authority must consider, as appropriate:

- The movement of vehicles, cyclists, and pedestrians on the site, and service vehicles providing for supplies, waste removal, emergency services and public transport.
- The provision of car parking.
- The interface with adjoining zones, especially with residential areas or other public use areas.
- The streetscape, especially the presentation to the Calder Highway; the treatment of the facades of all buildings and their appurtenances; illumination of buildings or their immediate spaces, and landscaping of land adjoining a road.
- The availability of, and connection to services.
