Decision guidelines

Before deciding on an application for a permit the responsible authority must consider as appropriate:

- The bulk, scale and height of the building or works.
- The impact of the proposed building or works on the character of the area and the integrity of the heritage buildings.
- Whether the proposal will adversely affect the natural or cultural significance of the streetscape.
- Any applicable heritage study and any applicable conservation policy.
- Whether the location, bulk, form or appearance of the proposed building will adversely affect the significance of the streetscape.
- Whether the location, bulk, form and appearance of the proposed building is in keeping with the character and appearance of adjacent buildings and the streetscape.
- Whether the demolition, removal or external alteration will adversely affect the significance of the streetscape.
- Whether the proposed works will adversely affect the significance, character or appearance of the streetscape.
