Permit requirement

19/01/2006
VC37

No permit is required to construct a building and/or works, including a fence, if the land on which the buildings and works are to be situated has been filled in accordance with the requirements of a planning permit relating to an approved plan of subdivision affecting the land, or other planning permit issued in relation to the land.

No planning permit is required if appropriately detailed information is submitted to the satisfaction of the responsible authority showing the natural level of the land on which the buildings and works are proposed to be situated is situated above the 1 in 100 year flood level.

2.0

Application requirement

19/01/2006
VC37

The application should be accompanied by flood level information where the responsible authority does not have access to such information in relation to the land.

Where the responsible authority has accurate flood level information, the responsible authority will advise the applicant of the appropriate floor level for any proposed buildings.
